

## The New York State Home Care Registry – All You Need to Know

Thursday, March 4, from 10:00am to Noon

or

Friday, March 5, from 10:00am to Noon

(Note: This is a revised schedule.)

HCA members are invited to participate in a complimentary 2-hour Webinar about the New York State Home Care Registry (HCR). Whether you are new to the HCR or already a user, this webinar will provide valuable information about its features and functions. During the program there will also be an opportunity to discuss any problems you are experiencing in using the HCR. This program is being provided by the Home Care Registry's training manager, Laura Forster.

This program is a Webinar – a web-based session on your computer with the ability to listen in via phone/speaker phone. Once registered with HCA, you will receive a confirmation e-mail which will include a link for further instructions from HCR (Greg Sweet) to participate in the Webinar. Because of limited Webinar connections for each session and to avoid shutting others out of this important program, we ask that you choose only one program for your agency.

If you would like to participate in one of these programs, please fax your registration form below to HCA at **518-426-8788** at least two days before the session so further instructions can be sent to you in a timely manner.
